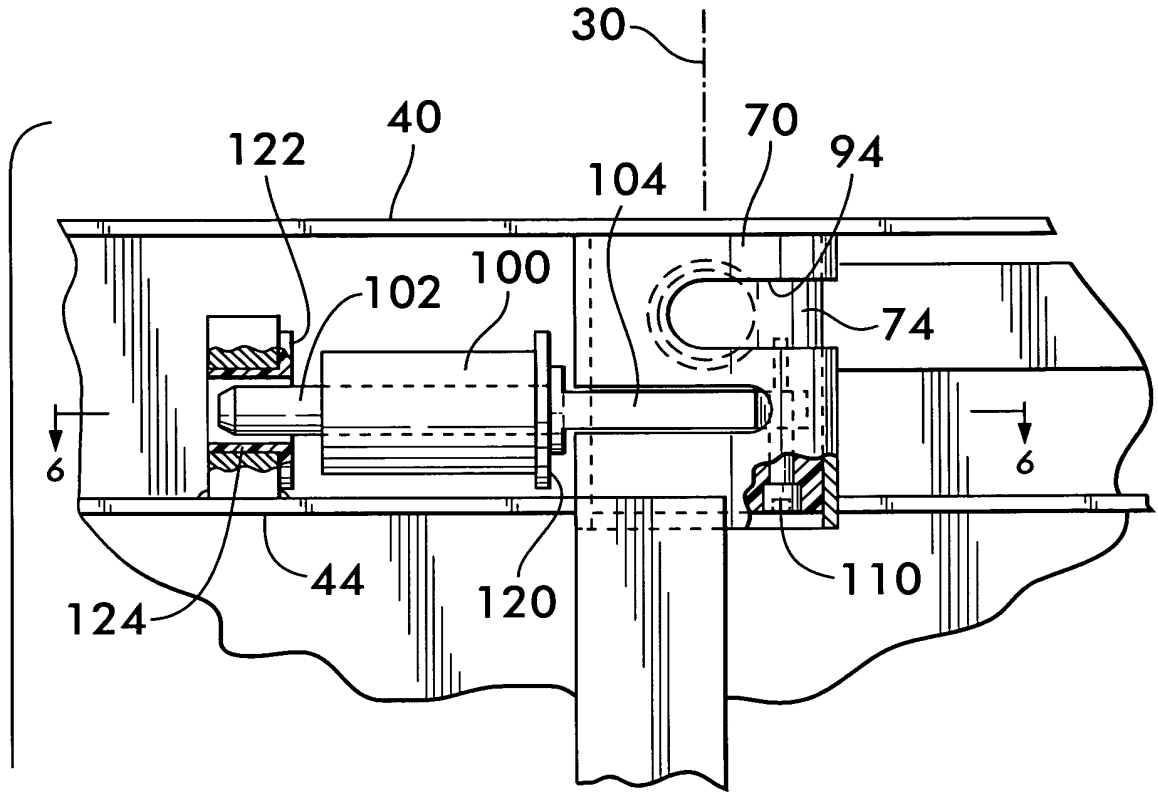

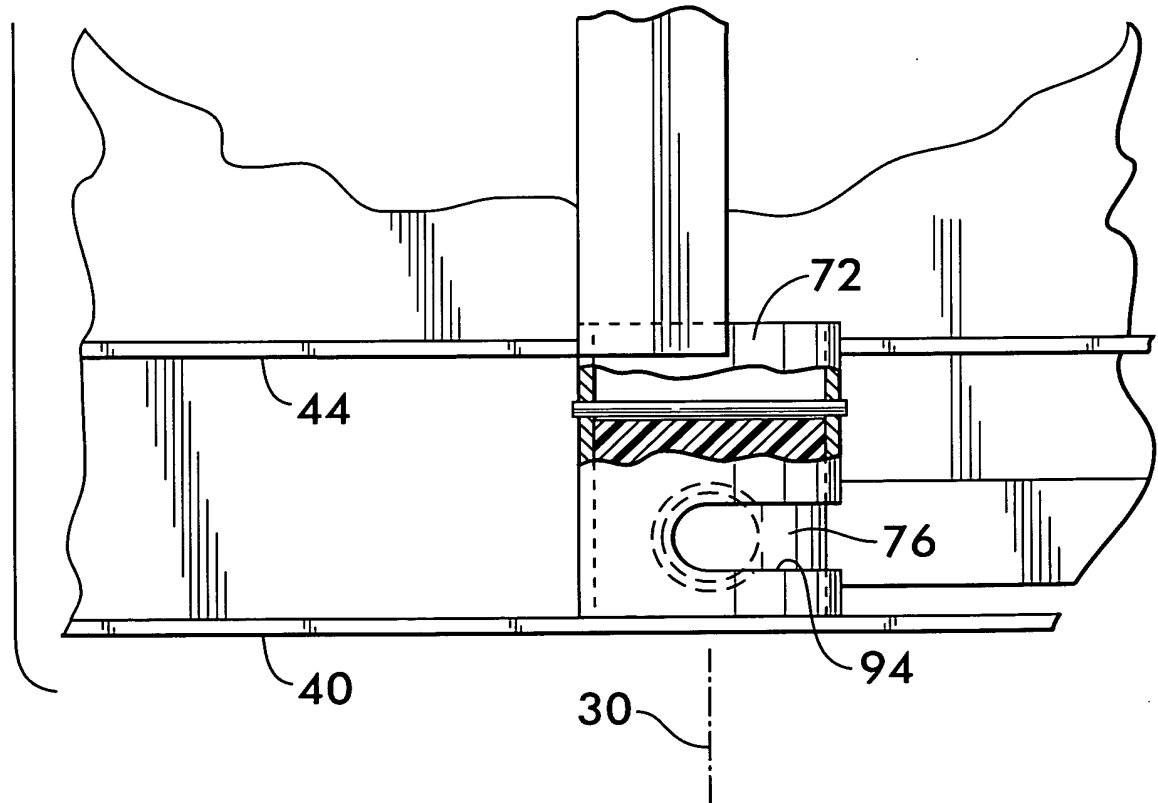

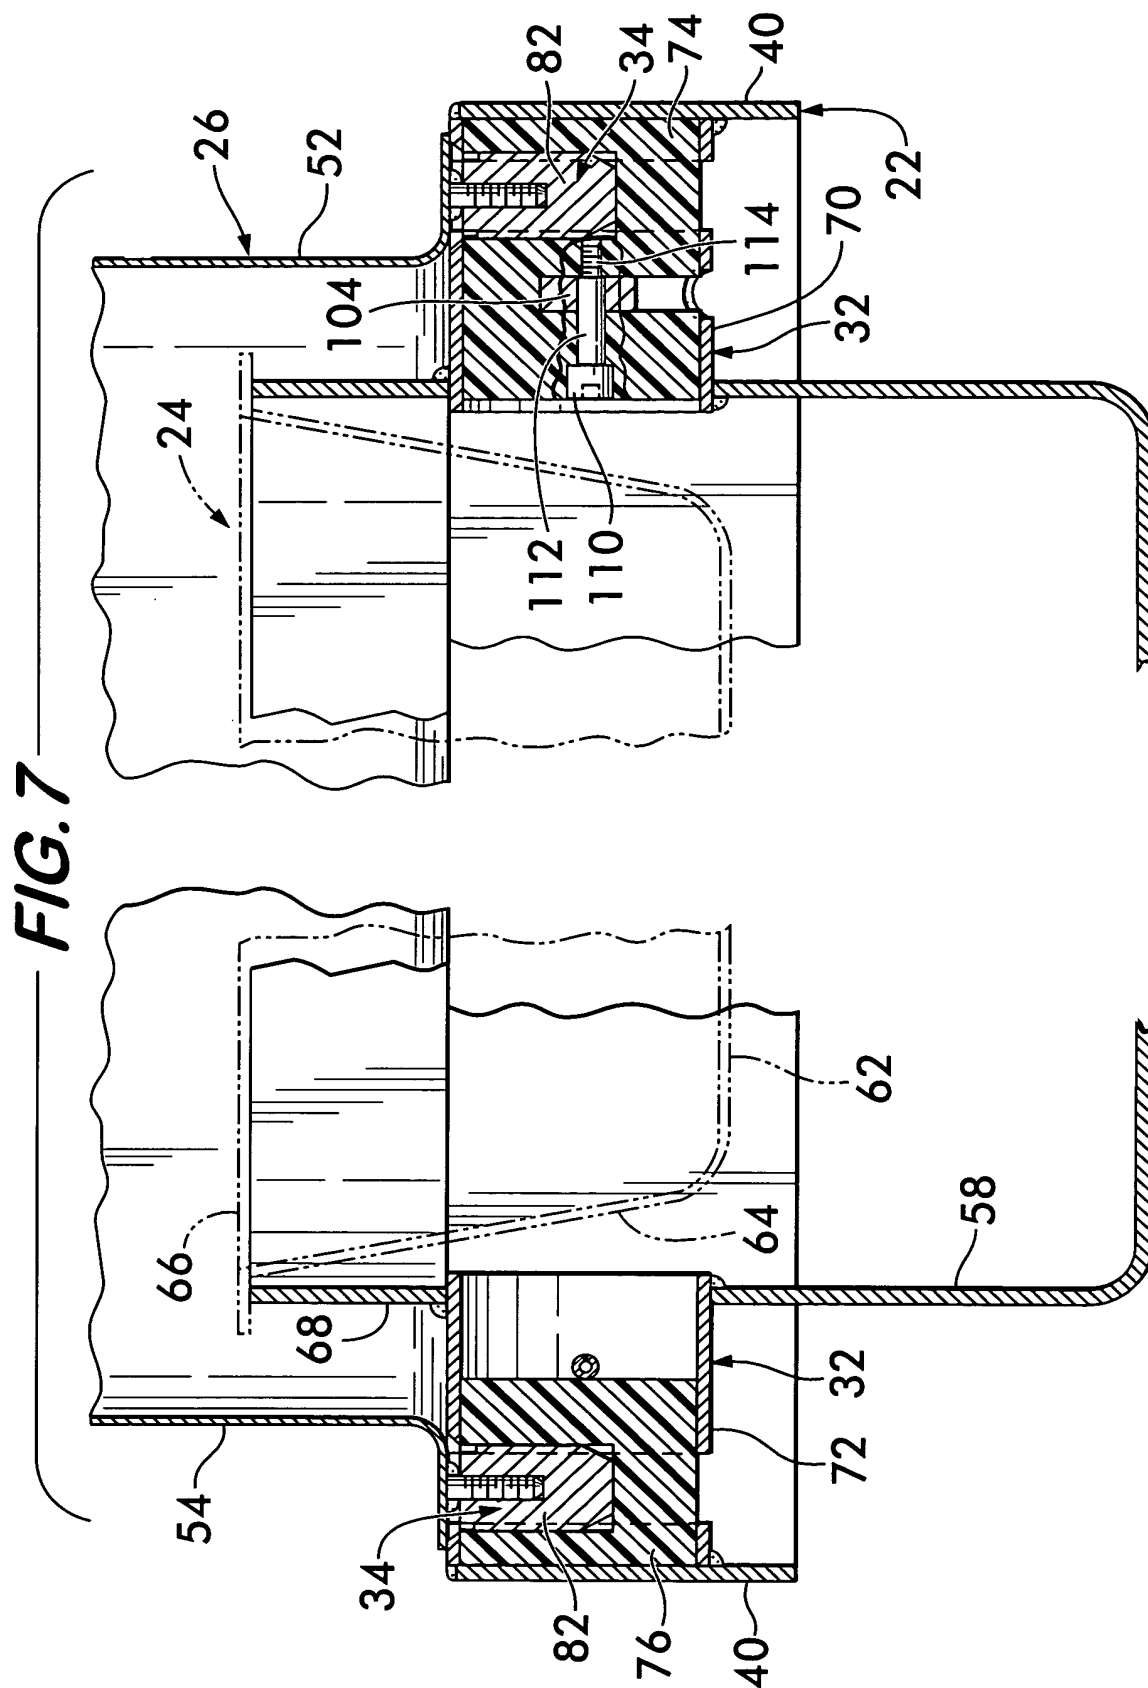

FIG. 5

This cross-sectional view shows a mechanical assembly. A horizontal member, labeled 42, is positioned above a vertical member, labeled 58. A horizontal shaft, labeled 100, passes through the vertical member 58. The shaft 100 has a central section labeled 102 and a section labeled 104. A circular component, labeled 110, is mounted on the shaft 100. A curved, hatched component, labeled 74, is positioned above the shaft 100. A hatched component, labeled 122, is positioned below the horizontal member 42. A hatched component, labeled 124, is positioned below the horizontal member 42. A hatched component, labeled 126, is positioned below the horizontal member 42. A hatched component, labeled 128, is positioned below the horizontal member 42.
